Background

Efficiency and effectiveness in our service culture rewards and recognizes the exploration of innovative ideas, diversity of thought and collaboration. Developing and sustaining these values within University Services encourages thoughtful risk, optimizes our resources and creates opportunities to meet desired outcomes and needs of our campus.

The Innovator/Visionary Award is presented to a University Services staff member who sets clear and distinctive goals within his or her department or organization and/or offers fresh and innovative ideas and processes to help achieve such goals, creating improved results and greater productivity.

Selection

Award winners will meet the general requirements (see General Guidelines) and be selected based on the committee's review of Part II: About the Nominee on the nomination form.

Award winners will receive a monetary award of \$1,500 and a commemorative plaque, which will be presented at the annual Rewards and Recognition event.
